C. Robert C. Stille Edwardsville Township Community Park

This park is located in the heart of the Township. The first clearing began for the park in April 1977, and the first phase was formally dedicated on July 13, 1980. With grant funds from the State of Illinois and the United States Land and Water Conservation program, Edwardsville Township acquired 27.45 acres of land, which was named Edwardsville Township Park. The park project was undertaken following community support from various civic organizations and other groups and with the leadership of then Supervisor Robert Stille.

This park offers Township residents the opportunity to enjoy recreational opportunities at its finest. Over the years, through public/private/grant opportunities, we have installed a boundless playground for individuals of all ages and sensory abilities. We renovated the Rotary playground and installed state of the art materials that are much more wear and weather friendly. We also renovated a smaller playground near the entrance. We resurfaced the tennis courts, laid pickleball lines, and recently replaced all nets. We installed a solar array and vehicle charger that provides free Level 2 electric vehicle charging to park guests. In the early 1990's we were loaned the U.S. Navy A7E Corsair airplane. In the mid 2010's we successfully finished a fundraising campaign to purchase

and install a new vinyl wrap. Every other year we document our care to the Naval Museum in Florida that we have been taking great care of the airplane. This park gets its nickname Airplane Park from this commonly known landmark. This park includes 8 picnic shelters, 3 restrooms, a maintenance shed, the Susan Ann Youth Memorial and Fountain feature memorializing youth you passed away before the age of 25. We installed a walking gate from the MCT Nickel Plate Trail for easy access. There is also a 1.5-mile walking loop at the rear of the park for guests to enjoy interconnected walking trails. Through the help of private donations, we expanded Pavilion 6. In the mid 2010's we added a dedicated swing to those individuals with wheelchairs. This was a Make-A-Wish project and was also funded through the Edwardsville Community Foundation. The Township Community Park has been home to several Boy Scouts of America Eagle Scout projects: Trail Walking loop, Gaga Ball Pit, Bicycle repair station.

Current and future planned park improvements include the addition of a drinking fountain at the walking gate, solar panels on the maintenance shed, solar panels on Pavilion 7 to better offset electric vehicle charging use. An asphalt trail connection at the rear of the park that joins the parking lot with the walking trail.

Due to the growth and rapid expansion of the Township over the years, this park is a very popular place for Township residents. Residents enjoy family reunions, graduation parties, birthday parties, Community Events, fundraisers, etc. This park is also home to the Metro East Lutheran Tennis Team who practices and competes on our courts.

D. Renovation of Township Hall

Erected in 1988, building renovation discussions started in 2014, after several administrations, ground was broken to start the renovation in December 2022. This renovation was focused on ADA Compliance and an addition of over 2000 Square feet to better address the needs of the residents of the Township. Other additions as part of the total project are an electric vehicle charger to provide green energy to Township residents and in the coming months, plans are to add solar panels to completely offset the usage of the building and charger.

- IX. What Have We Done Well? (List any budget/levy freezes or reductions in the past decade; list new programs or services offered to residents over the past decade; list any ethics ordinances adopted; timely FOIA compliance; responsiveness to public; list any new intergovernmental agreements or social services offered; list any increase in number of township residents served, etc.)

The Township for many years has focused on finding areas and providing needed value to our community. Forty years ago this was with the creation of Township Park for the community. The past few years, the focus has been to help those struggling in our community while continuing many of our previous programs.

The Township has noticed in a county of the size of Madison, that people and groups are falling through the cracks. To address this, we have worked to increase or start support for the following areas: child, adult, and senior food insecurity, infant diapers and formula, homeless, transit access, and environmental programs.

Budgets over the last 10 years

2014-2015	\$904,990
2015-2016	\$1,102,469
2016-2017	\$940,010
2017-2018	\$917,010
2018-2019	\$917,010
2019-2020	\$1,074,410
2020-2021	\$2,579,960
2021-2022	\$2,487,340
2022-2023	\$2,948,540
2023-2024	\$3,235,714
2024-2025	\$1,634,605

*Over the last 10 years Edwardsville Township’s budget has held minimal increases. Years 2020 until now we increased the budget to account for receiving the loan for the renovation for Township Hall.

- a. Edwardsville Township continues to be a stopgap for the local community. To address this need, years ago, Edwardsville Township created the social services safety net, which continues to today. This grouping of organizations is comprised of non-profits, religious organizations, other municipalities. Township residents continue to benefit from a variety of local services. We are the closest form of government assistance to our residents who cannot get assistance at either the State, County or City level. Our residents benefit from lunch and learn professional development opportunities, recreational opportunities at our park, energy assistance, license plate discount, farmer's market coupons, etc. Edwardsville Township is extremely cautious in our spending (only raised budgets 2-4% each year in the past 10 years) and what we cannot afford, we apply for strategic grants that will help our residents and community at large. We have responded to every FOIA request (56 requests received over 10 years) timely with all records we were authorized to provide. Over the last 10 years we have passed policies regarding social media, by-laws procedures, FOIA, ADA Transition & ADA Grievance policy, Tree dedication policy, Personnel handbook, Accounts payable policy, Capital Asset Policy, Credit Card policy. Financial Reserve policy, Investment policy and purchase policy. Edwardsville Township continues to be advised by our Township attorney and is a proud member of Townships of Illinois for over 40 years.

Over the last 10 years Edwardsville Township has helped 1,250 residents under the Benefit Access program. We have assisted 369 Senior Health Insurance Program clients. We have helped 3,643 clients in the Low Income Heating and Energy Program.

X. What Inefficiencies Did We Identify/What Are our Next Steps?

For years, the Township was squeezed into too small of an office space that could not provide needed services to the community. This inefficiency has been addressed since moving into our renovated office the past 10 months.

One area for improvement is increasing the number of intergovernmental agreements the Township has. Between the City of Edwardsville, Village of Glen Carbon, Glen Carbon Library, surrounding Townships, School District, SIUE, Madison County, and state of Illinois, we feel we could increase our services by partnering with some of these organizations. Next step to address this is both building relationships and identifying areas of need in the community.

XI. What Can We Do Better or More Efficiently?

One area that can always use improvement for Edwardsville Township is educating the public about the difference between Edwardsville Township and the City of Edwardsville.

Edwardsville Township could benefit from better communication with its residents. Although we publish various press releases throughout the year letting residents know our progress, we want Township residents to know what we do, why we do it, and how we can make things even better.

XII. Studies on Governmental Efficiencies

In preparing this report, we reviewed several studies on local government efficiency. These studies show that:

- The average local government in Illinois serves 1800 residents compared to the national median of 2850 individuals
- Most townships in Illinois have no bonded indebtedness. Together with road districts they are an integral element of local democracy. Township expenditures have grown at a lower rate than those of any other level of government since 1992.
- Townships have lower labor costs and employ mostly part time employees.

XIII. Our committee's recommendations regarding Increased Accountability and Efficiency:

Edwardsville Township is a vital part of the Madison County community. We strive every day to make the community better for our citizens. Much of this focus is on those in need from seniors to youth or individuals going through a tough time.

To increase accountability, we believe we should continue live streaming our monthly meetings and continue to expand our accountability center portion of our website.

As an Edwardsville Township Decennial Committee, we understand that Illinois has more units of government than any other state in the country and Townships are a large focus as an option to shrink that number. As we know how vital Township services are

and the toll it would take to remove it, our recommendation would be to merge some Townships together.

For Edwardsville Township, the most logical partner would be to merge with Pin Oak Township which is directly to the east of us. The City of Edwardsville and Village of Glen Carbon that combine for much of Edwardsville Township, every year are growing more and more to the east and further into Pin Oak Township. By merging Edwardsville and Pin Oak Townships, it would save the taxpayers a set of elected officials, increase efficiency of both communication and cooperation between governments along with avoiding confusion of where the Township line is, all of this while continuing to offer all of the same programs.

The Edwardsville Township Decennial Committee feels this report lays out the many great services and benefits offered by Edwardsville Township to our citizens. We think it has been a worthwhile exercise to see where we can improve our efficiency in both day to day and big picture programs as we work to be good stewards of our taxpayers dollars.

Note: This Report must be filed with your County no later than 18 months after your first committee meeting.
