SUPERVISOR'S COMMENTS:

1. LVG Solar has notified the office that we will start receiving the long-awaited solar rebate funds, however, they are making it in 6 installments, the first one of which is $4,973.73. I have requested a timeline for the 5 remaining payments from LVG. These funds will be deposited in the Capital Development fund upon receipt. Thanks to Administrator Ayers for continuing to reach out to her contact at Illinois Shines and LVG Solar.
2. Budget planning will begin soon to start working on those items that have already seen an increase in costs this FY and those that have remained constant. For example, the city of

Edwardsville's water and sewer rates are increasing by 15% on November 1st and again on May 1, 2027; fuel prices-regular and diesel, have taken a significant hit in the past 9 months and it's not likely to fall back to pre-war figures anytime soon; and the health insurance premium rates are projected to increase by at least 18% (last year it was 25.5%) if we maintain the same health package. We will study options available for health insurance coverage.

3. The new airplane sign and Veterans Memorial sign "ribbon cutting" and dedication took place this past Saturday morning at Township Park. Special guest, Lt. Commander US Navy (retired) Don Bradford and his wife Linda from Tulsa, OK, joined us at the park for the event. He was the first pilot to fly a night landing of an aircraft on the deck of the USS Nimitz in June of 1975. The plane he flew that night is the one on the pedestal in our park. Lt. Commander Bradford had initiated a search to see if there was a published record of that "first" night landing. Unfortunately, it was not recorded but Google asked if he wanted to know the current location of that specific plane. That's what prompted his conversations with Administrator Ayers and his plan to travel to Edwardsville to see the old plane. Thanks to Administrator Ayers for coordinating his visit and Highway Commissioner Picarella for attending the brief ceremony.
4. Still no movement off dead center with the office building architect and building contractor about the water drainage system.
5. Saturday, October 24th is the city's Party in the Park Halloween Walk and Costume Contest in city park. The township has once again been invited to participate. Anyone interested in helping with the Trick or Treat games or passing out candy treats, contact Administrator Ayers. The event runs from 10 am to 12 noon, followed by the costume contest at the bandshell.
6. Community Outreach Director Doty reported that 91 LIHEAP applications have been completed from October 1st thru the 20th. There have been 10 SHIP applications processed between October 1st and today. She noted that appointments have been filled to December.
7. The Township's first Lunch and Learn has been scheduled for Monday, October 26th at Main Street Community Center from 12 noon to 1pm. Lunch arrangements have been lined up with 1818 Butcher Market for $15 per person. Goals for this first program include resource sharing, focused learning and open discussions. Reservations can be made through the Township's Facebook page or our website. Another Lunch and Learn will be offered in November, then pick back up in the new year.
8. A reminder that Township Park hours of operation change from Fall hours of 8am-7pm, to Winter hours of 8am-5pm on November 1st and runs through March 13, 2027.
9. Trustees have been provided with copies of financial reports covering the first 6 months of the fiscal year. Let me know if you have any questions about the financials.

HIGHWAY COMMISSIONER'S COMMENTS:

- We broke ground on Mont Road September 22. The weather has cooperated well. They have one lane and shoulder completed and poured the other lane today. I am very happy with the progress so far. It will be a huge improvement with no tax increase.

- Old Carpenter and Samuel Drive were 2 other major road projects that we have now completed this year.

ASSESSOR'S COMMENTS:

- We are currently in the middle of Board of Review hearings, with 124 appeals involving 158 parcels. So far, 40 final decisions have been made.

- Jess and I attended class last month, successfully completed the required testing, and fulfilled our continuing education requirements.

- Jess and I have continued to stay on top of building permits while we work to fill the vacant position.

EXECUTIVE SESSION: None

ACTION ON ITEMS IN CLOSED SESSION: None

PROPOSAL FOR LEGAL SERVICES
FOR
EDWARDSVILLE TOWNSHIP

Guin Mundorf, LLC, is pleased to present the following Proposal for Legal Services to Edwardsville Township.

FIRM QUALIFICATIONS AND EXPERIENCE

Guin Mundorf, LLC is a preeminent public entity law firm that represents more than 60 public entities throughout Illinois. Our firm is a full service, civil practice law firm whose practice includes one of the largest public entity law groups in the mid-west. Our firm has individual firm offices in Collinsville, Illinois, and Kansas City, Missouri.

The Collinsville, Illinois, office includes attorneys Barney R. Mundorf, Eugene J. Hanses, Jr., Caleb J. Mundorf, Dana Bond, Mitchel Maglione and Bryant Engbers. The firm and its members provide unparalleled legal services to public entities throughout Illinois.

Mr. Mundorf is the principal attorney in our Collinsville, Illinois, office and will serve as the lead attorney to Edwardsville Township. Mr. Mundorf has over thirty-four years of legal experience, serving eight years as an attorney for the Federal Government and twenty-six years in private practice, devoting 100% of his time representing Illinois public entities. This experience includes representation of public entities in contested matters, advising and assisting public Boards and management staff in legal matters, providing legal opinions to the public entities in matters of operating practice, policy and contractual matters, representation of the public entities in contested matters before state agencies, and acting as general counsel to public entities in all matters.

General Counsel

Our attorneys regularly provide public entities, their boards, and their staff with detailed legal guidance and represent them in all aspects of their legal matters. Our attorneys are skilled in identifying legal issues for public entities and overseeing the resolution of legal issues to avoid potential liability, including but not limited to areas of governance, policy, personnel, labor, competitive bidding, construction, real estate, taxation, and federal and state law compliance.

COPY

Our firm will provide advice and assistance in the preparation and review of all legal documents, leases, papers, deeds, contracts, specifications, bonds, waivers, and other legal drafting as may be required and useful or necessary in the conduct of public entity's operations.

Our attorneys are well versed at providing detailed and accessible legal opinions to public entities with respect to a wide range of compliance issues, including state and federal laws, administrative regulations, and best practices.

Enforcing Rights

Our attorneys assist public entities in enforcing their rights through the filing of lawsuits on behalf of public entities and individuals. We are experienced and capable in serving as counsel on any matters pertaining to a lawsuit filed on behalf of the public entity, including throughout filing, discovery, trail, post-trial, and any appellate practice that is required by the case. Likewise, we are adept at counseling public entities through a variety of administrative actions or arbitrations that are required to enforce and defend the rights of a public entity.

Our firm will institute and bring to conclusion in courts or administrative tribunals all actions for the recovery or possession of dwelling units or for the collection of rent. We will handle all legal matters relating to tenant/landlord aspects of leases.

Legal Defense

Our attorneys have a breadth of experience in the defense of all types of civil litigation claims. Our experience in this area spans the entire spectrum from defending public entities in basic administrative proceedings through complex litigation, including through federal investigations, administrative hearings, arbitrations, and state and federal litigation culminating in settlement, trial, or resolution on appeal. Recent claims our firm has defended against include personal injury, civil rights, breach of contract, wrongful death, and construction and real estate litigation.

Our firm ensures that we have sufficient staffing and expertise to respond promptly and comprehensively to any complaints and cases filed against a public entity.

Construction

Our representation of public entities in the area of construction law involves two phases. First, is the pre-construction phase. In this area, we prepare or review and revise bidding specifications, general conditions, architects, construction manager, and builder contracts. Standard construction contracts always favor the architects and contractors. Our revisions to standard contract language ensure that public entities receive the quality they pay for

COPY

and that the service providers are accountable for their work.

The other aspect of construction law is litigation over construction disputes. We routinely represent public entities in construction disputes involving all aspects of projects from failure to timely complete, construction defects, construction bids to construction inquiries.

Our firm is familiar with residential and commercial leases, Americans with Disabilities Act, Uniform Federal Accessibility Standards, licenses, titles, easements, and local and state codes.

Employment Law

Much of the litigation that our attorneys handle involves allegations that a public entity discriminated against an employee in some employment decision. By law these suits must originate with an investigation by the Illinois Department of Human Rights or U.S. Equal Employment Opportunity Commission.

In addition, we provide in-service training to staff to ensure they understand professional boundaries and legal obligations, and that they do not violate the trust placed in them by their communities and the Board of Commissioners.

FMLA

Family and Medical Leave Act (FMLA) litigation matters are best avoided by developing appropriate and effective policies and practices. We have prepared and/or reviewed and revised FMLA policies for numerous public entities. Establishing the "plan year" limits the employee's absences from work by avoiding back-to-back FMLA leave. Requiring FMLA leave to run concurrently with sick leave, personal leave, and/or vacations limits the disruption to business operations. Most FMLA suits involve allegations that employees were retaliated against for exercising their FMLA rights. These suits generally occur because of poor timing and lack of documentation. Our attorneys have successfully counseled clients at this pre-litigation stage to avoid lawsuits and ensure that the public entity's decisions are upheld in Court. Where litigation has ensued, we have successfully defended public entities in FMLA actions.

ADA

Americans with Disabilities Act (ADA) cases often interrelate with FMLA and Workers' Comp issues. In analyzing ADA matters, care must be taken to consider the interplay of other federal and state statutes. Firm attorneys are frequently called upon to provide training on the interplay of these statutes. We have assisted employers and public entities in developing accurate job descriptions setting out the "essential functions" of each job category – the key to successfully resolving ADA accommodation issues. Firm attorneys have regularly and successfully defended

COPY

public entities in ADA and ADA retaliation suits.

Contracts

Our firm has experience in negotiating contracts for service, which includes but is not limited to, the procurement of supplies, services, professional services and construction.

Firm attorneys regularly provide legal counsel in the negotiation, construction and legal review of contracts. This includes providing contract interpretation and representing the public entities in any commercial claim's matters, including in any litigation.

Policies

Frequently the success of a public entity in litigation depends upon the quality of policies and the awareness of these policies by the staff. We routinely review, revise and prepare policies for our clients to ensure the policies remain current with ever changing federal and state laws.

Open Meetings Act

Firm attorneys work with public entity clients to address Open Meeting Act issues by providing training to Board members and staff; by preparing policies involving public entity records, and in litigating alleged violations of the Act.

Vendor Actions

Firm attorneys are often called upon to assist public entities in disputes with individual vendors. However, we can help public entities minimize these disputes by reviewing and revising vendor contracts to minimize the likelihood of vendor-initiated litigation. For example, contractually requiring that disputes be litigated in the county where the public entity is located rather than where the vendor's office is located is a deterrent to companies to bring suit against the public entity. Our attorneys are trained and experienced in modifying vendor contracts to protect our clients.

Personnel and Employee Relations

A significant portion of the Firm's practice is devoted to assisting public entities in dealing effectively with problem employees. Our attorneys not only advise public entities on legal requirements in terminating incompetent employees, they also help draft warning letters, notices of deficiencies, statements of charges, and other statutorily required notices.

In addition, the Firm's attorneys have experience representing public entities in the whole gamut of employment problems: non-renewals of contractual employees, employee arbitrations, sexual harassment, overtime, Fair Labor Standards Act issues, unemployment compensation appeals, reductions in force, Americans with Disabilities Act issues, worker's compensation, and discrimination complaints by employees and former employees.

Labor Relations

Our Firm's attorneys are experienced in the negotiation of agreements with labor groups. We have experience in the administration of collective bargaining agreements and in the defense and prosecution of unfair labor practice charges, grievances and arbitrations. Although our attorneys aggressively represent our clients' interests, our relationship with labor organizations remains professional and positive. Our attorneys have successfully represented many public entities in union representation elections and in bargaining with employee groups.
